## ABOUT THE INSTITUTION

Ponmudi Muthusamy Gounder Trust, Tirupur was founded by Sri.A.M.Kandaswami, a Philanthropist and Industrialist with a resolve to serve the society by providing quality education. The philosophical attitude and benevolent activity of the founder and his family paved the way for creation of various institutions for Education. The institute aims to produce innovative professionals with sound subject knowledge and research experience for a sustainable growth of the nation by providing adequate training to develop education with leadership qualities

## ABOUT THE DEPARTMENT

The department of Mechanical Engineering was established in the year 2005 and one of the vibrant departments of Sasurie College of Engineering. With the growing demand for the Mechanical Engineers the present intake of 180 has been sanctioned from 2013. The department possesses good infrastructural facilities, well equipped laboratories, highly qualified and dedicated faculty and conducive environment for research & development activities.

## HOW TO APPLY

The filled in registration form along with DD has to reach us on or before 24.11.2016.

## ABOUT THE WORKSHOP

The one day workshop on Intellectual Property Rights (IPR) & Innovations focused on the Overview on IPRs and How to convert the research and project works into Patents. This training will bring a positive transformation in the Faculty member's attitude in their project and research works and get them more focused as well as result oriented.

## BENEFITS AND TAKE AWAY

- To Convert Ph.D Research works into Patents and commercialization
- To generate funds for running the Institution from Commercialization/Royalty.
- To bring long-term benefits to the Institutions on par with top class Universities
- To install continuous improvement in achieving the outcomes of the Institution.

## COURSE CONTENTS

### Forenoon:

- Overview on Intellectual Property Rights (Patent, Design, Trademarks & Copyrights)
- How to Convert the Project Works/Research Works into Patents.

### Afternoon:

- Demo on how to do previous Patent searches related to your work-Practical sessions in computer lab with Internet facilities.
